ISEN YNCREA OUEST Grading System

At ISEN YNCREA OUEST grades are awarded for each subject on a numerical scale of 0-20 with 20 being the highest possible grade. 10 is considered to be the minimum acceptable pass grade.

ECTS Grading system

In order to provide a point of comparison for international students and coordinators with regards to our numerical marks, ISEN YNCREA OUEST grade transcripts also show ECTS Grades for each subject. These grades are calculated according to European Commission recommendations on the following basis:

Grade A corresponds to the grades obtained by the best 10% of students;

Grade B corresponds to the grades obtained by the next 25%;

Grade C corresponds to the grades obtained by the next 30%;

Grade D corresponds to the grades obtained by the next 25%;

Grade E corresponds to the grades obtained by the final 10%.
